Kitzbühel is the perfect winter wonderland for a relaxing winter break. The town itself is a delight. At the junction of several valleys, Kitzbühel forms part of an ancient trade route linking Bavaria and Italy. A short walk from the slopes is the ancient town center. A pastel wall of 15th century store fronts with ornately painted stucco encircles this pedestrian-only precinct with long-established shops of every description. Après-ski and nightlife in Kitzbühel is unparalleled.

Europe's specialty is skiing above the tree line and Kitzbühel's upper lifts provide plenty of it. At lower elevations, the runs descend into a world of high meadows, pine forests and isolated mountain farms, far from the clamor of the resort. The most enterprising farmers transform their barns into rustic restaurants for the winter season. Weiss beer, bratwurst and glühwein highlight the menus. Kitzbühel's Safari is an interconnected lift and trail complex extending over fifteen miles, racking up nearly twenty thousand feet of vertical drop along the way. Even those of modest ability will delight in this day-long odyssey on blue and red runs. A free bus returns weary skiers & snowboarders to Kitzbühel at day's end. Spent skiers or snowboarders can then relax with afternoon tea or perhaps rendezvous with new found friends at a local pub.

Your vacation will be spent at the beautiful 4-star Hotel Maria Theresia located close to the center of town with lifts 200m away. After a wonderful stay you will return to the Munich airport for your flight home.
